2015 IOLTA Leadership Banks

The Connecticut Bar Foundation recognizes the following banks for their continued support of the IOLTA program in 2015. During this period of historically low interest rates, the IOLTA Leadership Banks have volunteered to pay a net yield that is higher than the yield they are required to pay on IOLTA. In the current economic climate, low-income people need legal services more than ever. The Leadership Banks have maintained this community investment which helps legal aid lawyers provide legal services for low-income households in crisis throughout Connecticut.

Leadership Banks
