

Indirect Cost Rate Policy

The Connecticut Bar Foundation (CBF) policy is that indirect costs for research and evaluation projects funded by the CBF are not allowed. Allocable costs should be identified as direct costs, including those for dedicated ongoing project management and support. Indirect costs include, but are not limited to, overhead expenses, ongoing operational costs, administrative costs, infrastructure costs and the cost for office supplies incurred by the research institution that cannot be directly attributable to the CBF-funded project.
